

**CALIFORNIA DEPARTMENT OF INSURANCE
SEISMIC SAFETY COMMISSION ASSESSMENT
INFORMATIONAL REPORT
FISCAL YEAR 2014-15**

BACKGROUND

California Insurance Code (CIC) Section 12975.9 established a Seismic Safety sub-account in the Insurance Fund and imposed an assessment to fund the Seismic Safety Commission (SSC) upon appropriation by the Legislature. This assessment became inoperative on July 1, 2012. In Fiscal Year (FY) 2012-13, the SSC was funded by the General Fund, and in FY 2013-14, the SSC was funded by a General Fund loan in the amount of \$1,122,000.

AB 98 (Chapter 27, Statutes of 2013) re-established a Seismic Safety sub-account, effective June 27, 2013, and imposed an assessment on each person who owns real property, commercial or residential, that is covered by a property insurance policy to fund the SSC. The California Department of Insurance (CDI) shall set the assessment annually every August 1 for all commercial and residential earned property exposures reported during the previous calendar year. This assessment supports the operations of the SSC and allows a multi-year repayment of the General Fund loan.

ASSESSMENT METHODOLOGY

Pursuant to CIC Section 12975.9, the annual assessment shall be set at \$0.15 per earned property exposure for the first three years of implementation. Given that FY 2014-15 is the first year of implementation, the assessment is \$0.15. The Department used the annual Complaint Ratio Study (CRS-2014) to determine the earned exposures by company.

The FY 2014-15 total assessment is \$1,475,895 and CDI anticipates the distribution to be as follows:

Seismic Safety Commission	\$1,185,000
Re-Payment to the General Fund	177,145
Prudent Reserve	98,750
CDI Administrative Costs	15,000
Total Assessment	\$1,475,895

Invoices were mailed to affected insurers in October/November 2014. Attached is a listing that shows the insurers and their corresponding assessment for FY 2014-15.
